Our Caregivers are the BEST!

Congratulations to **Sandra Schuler** for being our Caregiver of the month and **Angela Searle** for being our Caregiver of the 3rd quarter!

Sandra Schuler & Angela Searle

Sandra Schuler is our September Caregiver of the month. Sandra has been with us for 9 months. She is a wonderful caregiver who has done an exceptional job with her clients. She has helped out and taken on many new clients. Sandra is great with communication and getting her compliances turned in on time. **Angela Searle** is our Caregiver of the 3rd quarter. Angela has been with us for 3 years. One of her clients told us she is wonderful and a hard worker. She said her house was so clean she doesn't want to get up and walk on it. Angela is also great at getting her compliances turned in on time and communicating with the office.

Thank you both for everything you do and all your hard work!

For Emergencies

Stories From Our Own: Thank you to these 4 for sharing. Please watch your mailbox for a coffee on us!

I began doing home health care recently to help my neighbor. My neighbor is close to 100 & still living by themselves. I've always tried to watch out for my neighbor by taking them dinner occasionally among other things. I still spend a lot of time with them even when off of the clock but it's awesome to get paid for some of it. It can be a very rewarding job.

-Susan T.

I chose to become a caregiver because I like to help people and being a caregiver is more rewarding and inspiring than working at my old fast food job. I also don't come home every day physically exhausted like I did with my fast food job that way my family gets to enjoy me more.

-Breonna T.

The reason I chose to help people and become a caregiver starts from a very young age. I've always wanted to help people ever since I was a little girl. Helping others brings me so much joy.

My son was diagnosed with some mental and behavioral disabilities some years ago and I never knew how much assistance he needed and how enveloped your pure becomes when caring for a child with disabilities. When I found out I was able to become my son's PCS it meant that I could continue to care for him in the comfort of our home and didn't need to find a stranger to do what I have already been doing. Being a caregiver has brought joy to my life.

-Jacqueline C.

I chose to be a health-care giver because I enjoy helping others whom can't help themselves. Makes me feel good!
